

Retracting after delays of the purchase of a veranda

Par **tibodemi**, le **11/02/2013** à **18:44**

Bonsoir, j'ai signed the order form of a veranda in December, the commercial assured me of the feasibility of the project, or the contractor asks me to come and make some work to be able to install the veranda.

Do they have the right to ask me for that?

Can I cancel the sale if they cannot install the veranda?

Thank you for your answers
