Frontier Airlines offers its cheapest flights on Tuesdays and Wednesdays, both for booking and flying. These are the least busy travel days, leading to lower fares. Booking 3–4 weeks in advance for domestic routes is optimal. Frontier frequently offers flash sales midweek—watch for deals labeled “Fly for Free” or “99% Off” (you just pay taxes/fees). For help navigating these offers or booking with vouchers or credits, call **+1-888-415-1245 (US)** or **1-866-579-8033 (US)**. Frontier’s low fares come with extra charges for seat selection, baggage, and snacks, so be sure to calculate the full cost. Flexibility with travel dates and choosing off-peak seasons (e.g., September or January) can lead to big savings.
